

Curriculum Vitae

August, 2019

Jiun-Yi Wang

Department of Healthcare Administration,
College of Medical and Health Science, Asia University
No. 500, Liufeng Road, Wufeng, Taichung 41354, Taiwan, R.O.C.
Email: jjwang@asia.edu.tw

EDUCATION

1999-2001 College of Science, National Central University

M.S. Graduate Institute of Statistics

Thesis Title: The goodness-of-fit test of logistic regression model under retrospective sampling.

Thesis Advisor: Professor Kuang-Fu Cheng

2001-2005 College of Public Health, National Taiwan University

Ph.D. Division of Biomedical Statistics, Graduate Institute of Epidemiology

Dissertation Title: Likelihood-based robust association tests for mapping quantitative trait loci using parent-offspring triad data.

Thesis Advisor: Professor John Jen Tai

2016/8 Institute of Continuing & TESOL Education, University of Queensland

Undertaken a 2-weeks course of

Content and Language Integrated Learning Program (CLIL) - Higher Education

AFFILIATIONS

Academic Appointments

- 2015-Present Professor, Department of Healthcare Administration, College of Medical and Health Science, Asia University
- 2010-2015 Associate Professor, Department of Healthcare Administration, College of Health Science, Asia University
- 2005-2010 Assistant Professor, Department of Healthcare Administration, College of Health Science, Asia University
- 2006-2008 Adjunct Assistant Professor, Graduate Institute of Biostatistics, College of Public Health, China Medical University
- 2005-2006 Jointly Appointed Assistant Professor, Department of Public Health, College of Public Health, China Medical University

Other Appointments

- 2017-Present Consultant, Medical Research & Teaching Center, Asia University Hospital
- 2015-Present Member, University Development Committee, Asia University
- 2015-Present Advisor, Medical Research & Teaching Center, Jen-Ai Hospital Dali Branch
- 2015-Present Member, Committee of Admission to Doctoral Programs, College of Medical and Health Science
- 2014-Present Consultant, Medical Research & Teaching Center, Tsao-Tun Psychiatric Center
- 2014-Present Member, Student Internship Committee, Department of Healthcare Administration, Asia University
- 2014-Present Advisor, Department of Medical Research, China Medical University Hospital
- 2013-Present Director, Yu-Shan Health Services Administration Association
- 2012-Present Member, Qualification Examination Committee of PhD Program, Department of Healthcare Administration, Asia University
- 2011-Present Mentor-in-Chief, Master Program in Long-term Care, College of Medical and Health Science
- 2007-Present Member, Committee of Admission to Master Programs,
- 2017-2018 Member, Student Affairs Committee, Asia University
- 2016-2017 Executive Secretary, Department of Healthcare Administration, Asia University
- 2015-2017 Member, Health City & Age-Friendly City Promotion Committee, Kinmen County Government
- 2015-2017 Member, Teacher Review Committee, College of Medical and Health Science, Asia University
- 2013-2015 Member, School-level Faculty Evaluation Committee, College of Medical and Health Science
- 2014-2015 Member, Student Appellate Council, Asia University
- 2014-2016 Advisor, Doctoral Program in Healthcare Administration, College of Medical and Health Science
- 2013-2015 Chair, Curriculum Committee, Department of Healthcare Administration, Asia University
- 2013-2014 Chairperson, Department of Healthcare Administration, Asia University
- 2007-2008 Committee of Library and Information Services, Asia University

HONORS & AWARDS

2018	University-level Outstanding Teaching Award, Asia University
2017	Research Award, Asia University
2016	University-level Outstanding Mentor Award, Asia University
2016	Research Award, Asia University
2015	Teaching Award, College of Medical and Health Science, Asia University

SERVICES

Academic Services

2019	Member of Review Board, Reviewing research proposals of Taiwan Biobank
2018	Reviewer, Reviewing manuscripts submitted to 2018 Joint Academic Conference on Health Care in Taiwan & 50-years anniversary ceremony of Taiwan Hospital Association
2018	Member of Review Board, Reviewing research proposals of Asia University Hospital
2018	Reviewer, Reviewing manuscripts submitted to 2018 International conference on new era for Asia Pacific Healthcare Management & the annual meeting of Yu-Shan Health Services Administration Association
2017	Reviewer, Reviewing manuscripts submitted to 2017 Conference on AI in medical technology towards a new era of health management & the annual meeting of Yu-Shan Health Services Administration Association
2016	Reviewer, Evaluation for Faculty Promotion of Kainan University
2015	Member of Review Board, Reviewing research proposals of Cheng Ching Hospital Chung-Kang Branch
2014	Member of Review Board, Reviewing research proposals of Tsao-Tun Psychiatric Center
2019	Referee for journals "Aging & Mental Health"
2018	Referee for journals "BMC Public Health", "The Hospital"
2017	Referee for journals "The Hospital", "Oncotarget", "International Journal of Gerontology"
2014	Referee for "Journal of Applied Statistics"
2013	Referee for "Journal of Applied Statistics"

Consultant or Instructor

National Taiwan University Hospital
Far Eastern Memorial Hospital
Taichung Hospital, Ministry of Health & Welfare
Taichung Veterans General Hospital Puli Branch
Taiwan Blood Services Foundation
Taichung Tzu Chi Hospital
Cheng Ching Hospital Chung-Kang Branch
Dalin Tzu Chi Hospital
Tsao-Tun Psychiatric Center, Ministry of Health & Welfare
Jen-Ai Hospital Dali Branch
China Medical University Hospital
Asia University Hospital

Other Services

- 2015/5 **Organizer** and **MC**, 2015 Conference on Quality of Healthcare in the New Era & The Annual Meeting and 10-year Celebration of Yu-Shan Health Services Administration Association. Taichung, Taiwan
- 2016/4 Committee Member, University Self-Evaluation Committee, Asia University

THESIS ADVISING

Doctoral Advising

- Chi, Shu-Huang. 2015. The Inter-relationships among Leisure-time Physical Activity, Fruit and Vegetable Consumptions, and Depressive Symptoms in Older Taiwanese. (Co-advisor: Dr. Alan C. Tsai)
- Hsu, Min-Fang. 2015. Multi-Respiratory Muscle Training Can Improve the Respiratory Function of Patients with Chronic Obstructive Pulmonary Disease. (Co-advisor: Dr. Alan C. Tsai)
- Li, Chia-Jen. Effectiveness of a Health Educational Intervention on Constipated Status in Elementary School Children. (ongoing)

Dissertation Committees

- Lee, Li-Chin. Need-Based Nutritional Intervention Is Effective in Improving the Nutritional

- and Functional Status of the Nursing-Home Residents. 2011-2013
- Chen, Meei-Maan. The Effectiveness of a Multidimensional Worksite Health Promotion Program in Improving Metabolic Disorders in Older Workers in Taiwan. 2011-2013
- Wang, Tzu-Chi. Caregiver-Mediated, Home-Based Intervention (CHI) Can Improve Functional Recovery of Patients With Chronic Stroke--A Randomized, Controlled Study. 2013-2015
- Hsu, Wei-Chung. Construction of a Mini Comprehensive Scale for Predicting New-onset Care-need in Older Taiwanese. 2013-2015
- Chang, Chia-Yu. Building Dementia Friendly Communities - An Exploratory Study of Knowledge, Attitudes and Media Representation. (Proposal 2019)
- Yang, Ya-Hui. The Outcomes of the Diabetes Shared Care Program and the Factors Related to the Program. (Proposal 2019)
- Liu, Peggy. Development of Digital Health Literacy Measurement Tools in Taiwan. (Proposal 2019)

Master Thesis Advising

- Hsieh, Hsiu-Mei. 2007. An Investigation on the Use and Factors of Community Long-Term Care Service Among Citizens of Taichung City. (Co-advisor: Dr. Yue-Juan Hu)
- Shao, Shiu-Lin. 2007. A Pilot Study on the Treatment Effect of Quantum Wave Resonance in Human Pain and Disorder. (Co-advisor: Dr. Chung-Pin Liao)
- Liu, Nai-Yu. 2007 The Relations of Health Promotion in Elder and Medical Services Use. (Co-advisor: Dr. Shu-Hsin Lee)
- Huang, Hsiu-Chen. 2008. Factors Associated with Dialysis Modality Choice for ESRD Patients from a Medical Center in Mid-Taiwan.
- Chen, Tu-Wen. 2008. Effectiveness of diabetes mellitus health education for middle and elderly aged patients in the rural area: An example from a regional hospital in Mid-Taiwan.
- Tao, Wen-Chi. 2009. Associated Factors to Volunteering Participation for Community Elderly.
- Wang, Su-Han. 2010. Influence of stroke history on physical and mental health and health care utilization of the middle-aged and elderly population in Taiwan
- Hsu, Yi-Min. 2010. On the Study of Sleep Apnea Severity and Sleepiness in Patients with Sleep Disorders.
- Lin, Chiu-Hui. 2011. A study of quality of life for pre-school children in mid-income families.
- Lai, Ting-Wen. 2011. Parental Stress and Quality of Life for the primary care givers of pre-school children in the mid-income families.
- Yang, Chi_Kun. 2011. A Clinical Predictive Model in the Evaluation of Patients with Obstructive Sleep Apnea in Taiwan.
- Tsai, Ming-Yu. 2011. The Exploration of Oral Health Behaviors and Dental Care Utilization

in Taiwan.

- Yen, Hui-Ju. 2012. The Efficiency of a Positive Psychological Growth Group Intervention Program on Well-being and Quality of Life among the Elderly in Community.
- Chuang, Wen-Ling. 2012. The Efficiency Of Home Based Rehabilitation On Improving Burden And Quality Of Life Among Care Givers Of Long Term Care Patients
- Chen, Ya-Hui. 2012. Using A Reclassification Method To Evaluate The Improvement Of Mini Nutritional Assessment-Taiwan Version In Predicting The Mortality Of Older Taiwanese.
- Yang, Wan-Ling. 2014. The Association of Hearing Impairment with Depression Syndromes and Life Satisfaction in Older Taiwanese.
- Pai, Yin-Ju. 2014. A Cross-Sectional Relationship Between the Intake of Sugar-Sweetened Beverages and Abnormal Serum Uric Acid in Seventh-Grade Students.
- Chiu, Hsing-Ping. 2014. Longitudinal Associations of Body Mass Index and Physical Activity with the Decline of Walking Ability in Older Taiwanese.
- Yang, Yu-Yen. 2014. A Study on the Morbidity of Tuberculosis Using Changhua Community-Based Integrated Screening Data.
- Liao, Tsai-Feng. 2014. Cross-Sectional Associations of Hemoglobin A1c with Community Periodontal Index and Oral Health Impact Profile in Type 2 Diabetic Patients: a Result from a Public Health Center in Mid-Taiwan.
- Chen, Tzu-Jung. 2015. Associations Between Reading Habits and Cognitive Decline in older Taiwanese.
- Li, Hong-Ling. 2016. A Follow-up Study of Smoking Behaviors among Frist Year Junior and Senior High School Students in Nantou County.
- He, Jin-Mam. 2016. Analysis of Cardiovascular Disease Risk Assessment Tools and Coronary Artery Diseases.
- Chen, Tung-Mei. 2016. The Body Constitution Status in Coronary Artery Disease Patient and Its Influence Factors. (Co-advisor: Dr. Jun-Dai Lin)
- Wang, Chun-Chieh. 2016. Association Between the Change in Serum Albumin Level and Clinical Outcomes in Patients with Prolong Mechanical Ventilation.
- Tseng, Shih-Huai. 2018. Differences in Intention to Drug Use Between the Students and the Community Adults— An Example from Yunlin County
- Tsou, Chiu-Fen. 2018. The Regular Oral Scaling and Subjective and Objective Oral Health Profiles among Middle-Aged Taiwanese: a Cross-Sectional Study in a Clinic
- Chen, Hou-Liang. 2018. Treatment Outcomes and Treatment Retention Rate Analysis among Outpatients in a Psychiatric Center
- Yu, Hui-Ling. 2018. Duration of Survival Time of Vascular Access in Hemodialysis Patients and Its Related Factors

TEACHING COURSES

Undergraduate

Fundamental Statistics (in College of Management)
Introduction to Public Health (Organizer)
Biostatistics
Epidemiology
Applications of Software in Statistics
Presentation and Communication
Practice in Health Management (Organizer)
Health Statistics

Master Program

Data Management and Statistics
Advanced Biostatistics
Seminar on Healthcare Administration

Master - International Program

Epidemiology

Doctoral Program

Special Topics in Biostatistics
Thesis Seminar
Independent Study

RESEARCH

Research Interests:

Biostatistical methods; Epidemiological research; Health promotion; Risk prediction;
Statistical genetics

Grants & Contracts (Institute supported grants)

Active

- 2019 Principle Investigator. Assessment of Knowledge and the Effectiveness of a Health Educational Program on Drug Addiction Treatments. (Yunlin County Government)
- 2019 Principle Investigator. Predictors of future need of long-term care and construction of its screening tool for older Taiwanese (Ministry of Science and Technology, MOST)

Completed

- 2006 Principle Investigator. Test of linkage by incorporating linkage and transmission information from case-parent triad family data. (MOST)
- 2008 Principle Investigator. Robust candidate-gene association tests for quantitative traits. (Asia University)
- 2008 Principle Investigator. A robust association test adaptively using information of genetic models. (MOST)
- 2009 Principle Investigator. A robust quantitative trait association test for sibships in nuclear families. (MOST)
- 2010 Principle Investigator. On the study of familial aggregation of a quantitative trait. (MOST)
- 2011 Principle Investigator. Regression analysis methods for assessing familial aggregation of a disease trait. (MOST)
- 2012 Principle Investigator. Robust test methods for genetic association. (Asia University)
- 2013 Principle Investigator. Modifying the Mini-Nutritional Assessment short-form to become a mini geriatric multidimensional screening tool for the elderly Taiwanese. (Asia University)
- 2013 Principle Investigator. A robust linkage analysis method for case-parents tetrad families. (MOST)
- 2013 Principle Investigator. Effectiveness of Long-term Care Services on Quality of Life, Depressive Symptoms, and Burden of Care-givers. (Miaoli County Government)
- 2013 Principle Investigator. 2010 & 2011 Cancer Registry Annual Report. (Cheng Ching Hospital Chung-Kang Branch)
- 2015 Principle Investigator. A study on the power robustness and the improvement for robust association tests for a quantitative trait using child-parent triad families. (MOST)
- 2016 Co-Principle Investigator. Identifying small molecules compounds for the treatment of multidrug-resistant cancers. (China Medical University Hospital)
- 2017 Principle Investigator. Assessment of Knowledge and the Effectiveness of a Health Educational Program on Drug Addiction Treatments. (Yunlin County Government)
- 2018 Principle Investigator. The longitudinal associations of hearing impairment with depressive symptoms and cognitive function among older Taiwanese (MOST)
- 2018 Principle Investigator. Assessment of Knowledge and the Effectiveness of a Health Educational Program on Drug Addiction Treatments. (Yunlin County Government)
